

Department of Public Works

Monthly Report for April 2017

Submitted by

Purnell Hall

Due to the heavy down pours Public Works assisted the police officers with blocking off Upshur St. (4600- 4900) Blk in the industrial area. Also made sure drain grates within the residential area of Bladensburg were cleaned out. Public Works set up Town Hall for several meeting. Cut up and removed a blown down tree in the 4200 blk of 58th Avenue due to the strong winds. Empty out all trash barrels that are owned by the Town including the Big Belly containers. SHA Project engineer of (201 Kenilworth) stated that the asphalt overlay will be completed by the end of May weather permitted. Public Works made sure the curb line within the Town was free of litter. Due to the heavy traffic from pedestrians walking along Annapolis Road the Public Works guys make sure we keep the tunnel cleaned out. With a little help from the residents we can reduce the amount of litter that is in the Town simply by picking up the curb line in front of your property. Condominiums pick-up (**every Friday**) has been on schedule throughout the month of April. Just a reminder for residents who live on Newton St. your pick-up is every Friday you don't not have to call and schedule for a pick-up. Public Works is working on clearing grass that is growing in the sidewalks and curb joints. Repaired front welcome sign at the Bostwick House. Due to the overgrowth of bushes in the 4100 blk of 54th St. public works made sure the corner was more visible due to vehicles stopping at the stop sign. Repaired knocked down stop sign in the 4700 blk of 47th of Annapolis Road. Working closely with WSSC on project that will be happen within the Town. They will be replacing old water mains pipes in 2018 that's why you may see yellow markings on the street and sidewalks throughout the Town
